RE: Road Right-of-Way Permits

It has come to our attention that permits are not being obtained by some contractors. You will need to purchase a Road Right-of-Way permit at least 5 days prior to work so that the permit can be granted and inspection set-up for any type of excavation or boring that is going to be performed. Also, at this time any construction plans will need to be submitted.

Plain Township Road Department acknowledges that there will be times of an emergency status, but a permit and inspection will still be required in a timely manner. **THERE WILL BE NO EXCEPTIONS.**

Thank you for your cooperation in this matter. If you have any questions, please feel free to contact the Road Department.

Respectfully,

Plain Township Road Department.
