## A Letter From The Board of Trustees

In these austere fiscal times, state budget cuts have become a reality for Plain Township. Local Government Funding from Columbus has been reduced by 23.3% for the current fiscal year, and we are anticipating an additional 25% decrease next year. Additionally, the Estate Tax has been eliminated in 2012. Estate tax revenue brought in between \$400,000 and \$600,000 each year and allowed us to develop our parks, purchase sheriff cruisers and provide resources for much needed capital improvement projects. Fortunately for our community, we have our residents to thank for their consistent and strong support of our Fire, Police and Road levies. We also want our residents to know that Plain Township is fiscally sound.

Our department heads, under the direction of the Board of Trustees, have been working creatively to find additional savings, eliminate redundancies and implement cuts to make sure our township continues to offer efficient and effective services to the citizens of Plain.

The Board of Trustees has created a centralized purchasing program for all departments that is expected to save over 13% per year based on our 2011 expenses. We have instituted an energy efficiency program, which will save us approximately 35 % on our energy costs. We have also secured a \$20,000 per year savings in our legal costs through a fixed contract agreement, and have even saved over \$9,000 per year on this newsletter.

Our Road Department has implemented computerized salt controls, which have saved over \$100,000 in just one year. They are upgrading our existing equipment instead of replacing it in order to save money, and have implemented microsurfacing paving techniques which will extend the life of our roads.

Our Parks Department has been the recipient of a Stark Community

Foundation Grant, a grant from the Stark-Wayne-Tuscarawas Joint Solid Waste Management District and a Manning Group Grant for our recycling sites. The Parks Department has also successfully hosted numerous tournaments ranging from soccer, lacrosse, baseball and football to generate needed revenues for our community parks.

Our Fire Department, under the new leadership of Chief Snyder and Deputy Chief Shalenberger, are working to centralize operations with the building of the new fire station on Schneider Street. The Fire Department also continues to search for avenues to reduce cost and to generate revenue through EMS billing and grants. Last month alone, the Fire Department applied for grants totaling over \$180,000.

Our Zoning Department has updated our Township's Mini Master Plan with the collaboration of the Stark County Regional Planning Commission. The Zoning Department has instituted and updated the fee schedule for our zoning code, specifically aimed at internet cafes, and is working with the Stark County Land Reutilization Corporation to address abandoned and foreclosed homes.

The Plain Township Board Trustees has worked diligently to reduce costs and to be proactive in bracing for the anticipated Local Government Fund cuts from the State of Ohio. We are stretching our dollars, planning creatively and working harder and smarter to provide the same quality services our residents rightly expect. We must always remember it is the continued support of the Plain Township community that makes Plain Township a great place to live, work and worship. Please contact us if you have any questions, comments or concerns.

## Trick Or Treat

Get your goblins, superheroes and princesses ready! Trick Or Treat in Plain Township will be Sunday, October 28, 2012 from 3:00 to 5:00 p.m.

## Plain Historical Society

The Plain Township Historical Society meets on the third Monday of each month (except December) at the Plain Township Hall at 7:00 p.m. Meetings and programs are open to the public.

**September 17** - Richard Haldi will discuss Stark County in the year 1896.

**October 15** - Officer elections! Dues must be paid in order to vote. Dwayne Cornell will also speak on the HolGerns Dairy, now known as Milk & Honey.

**November 19** - Our annual round table event, during which we reminisce about the past in Plain Township. Come let us know what you remember about these early days.

## Water Quality Problems

Yard waste such as leaves and grass clippings can cause significant water quality problems when it is blown or directed into the stormwater system.

Many people do not know the difference between storm sewers and sanitary sewers. While sanitary sewers carry sewage and wastewater that is sent to a treatment plant before being discharged, storm sewers are a separate system and are designed to transport *only* stormwater runoff directly to our local lakes, rivers and creeks. There is no treatment or filtering of stormwater.

If you've used chemicals on your lawn they may contaminate the water that runs into the catch

basins. Even non-treated lawn clippings will do harm. When they decompose, they release carbon and nitrogen that feed undesirable algae, which uses up oxygen in the water and kills aquatic life.

Learn more about protecting our local water quality at

[www.plaintownship.com/stormwater](http://www.plaintownship.com/stormwater)

and join the team, we're all downstream!

Another problem caused by lawn clippings, leaves and other yard debris in the storm sewer is that this waste often clumps, contributing to flooding in your neighborhood.

Perhaps you only occasionally allow grass clippings or leaves into the street to wash down the storm sewer. Multiply these "occasions" by the thousands of homes in Plain Township and you can see why carelessly disposing of yard waste in the street is a huge concern.

The best option is to mulch the grass back into your yard as you mow. This is beneficial to your lawn, providing valuable fertilizer as long as you mow regularly. Alternatively, Plain Township provides two sites for residents to dispose of yard waste. All materials are to be unloaded and emptied from bags by residents. Yard waste such as grass clippings, leaves and small to medium-sized branches are accepted. *Plastic bags, treated wood and business*

*yard waste are not acceptable. Please see page 8 for our yard waste recycling facility locations and hours.*

## Keep Schneider Clean!

Plain Township is sponsoring the *Keep Schneider Clean* campaign. This initiative is to educate our residents regarding pet waste at the new Schneider Dog Park and to raise funds for the park.

Pet waste is a major source of bacteria that ends up in our streams. When it rains, your pets' "business" left in the dog park is washed into the nearest waterway. When pet waste decomposes in the water, it uses oxygen and releases compounds that are harmful to fish and animals in our lakes, rivers and streams.

You can help by cleaning up after your pet—not only in the dog park, but at home too! You can also help by sending a donation to the *Keep Schneider Clean* campaign at the Plain Township Hall, 2600 Easton Street NE, Canton, Ohio 44721. Large and small donations are always appreciated. A sponsorship of \$500 or more will get your name or business on a sign to be prominently displayed at the entrance of the Schneider Community Dog Park.

## Recent Changes to State of Ohio Open Burning Regulations

Plain Township is classified as a "restricted area" by the Ohio EPA. In addition, open burning is also governed by the Ohio Fire Code, the Ohio Revised Code, the Ohio Department of Natural Resources and Department of Forestry. There have been some recent changes related to these various codes concerning recreational fires.

A *recreational fire* is "a fire for the purpose of cooking food for human consumption, pleasure, warmth, recreational or similar purposes" if all conditions in the code are met. Generally, recreational fires must have a pile size of no larger than three feet in diameter, two feet high and must be no less than 25 feet from any structure. The materials utilized must be clean, dry wood only and shall not be utilized for waste disposal purposes. The fire must be attended at all times and a method of extinguishing the fire must be present. You must also register your recreational fire with the Plain Township Fire Department.

Additionally, no longer is open burning of any kind permitted between the hours of 6:00 a.m. and 6:00 p.m. during the months of March, April, May, October and November. No open burning is permitted when hazardous conditions exist, such as local wind speeds that exceed fifteen miles per hour, conditions that are too dry to burn or when atmospheric conditions are inappropriate for burning.

These regulations are set by the State of Ohio and are enforced by Plain Township. The purpose is to reduce the amount of pollutants in the air as well as adhering to fire safety practices.

## Fall Yard Debris

With the fall season upon us, the Plain Township Zoning Department will begin to receive phone calls regarding leaves. Please be advised that there are no zoning regulations regarding leaves and/or leaf cleanup. Plain Township provides two yard waste recycling facilities (see page 8 for locations and hour). If you know of an elderly person or a neighbor needing assistance, lend a helping hand or suggest that they contact a local church or youth group for volunteers.

## Zoning Certificate of Conformance

To all commercial property owners and potential tenants: A Certificate of Conformance Permit is required prior to anyone occupying a building in a Business, Office or Industrial District.

A new permit is required for any change in business use, ownership or tenant. Applications can be picked up at the Plain Township Zoning Department during regular office hours.

## Board Positions Available

The Plain Township Trustees are accepting letters of intent from persons interested in filling expiring terms for the Board of Zoning Appeals and Zoning Commission. One position to each Board will be appointed for a five-year term, beginning January 2013. Interested persons must be legal residents of Plain Township and must be able to devote up to three evenings per month to hear variance, conditional use or rezoning requests. Zoning knowledge is preferred but not required.

Letters of intent should be accompanied by a resume and may be mailed to the Plain Township Zoning Department (ATTN: Zoning Director) 2600 Easton Street NE, Canton, Ohio 44721 or dropped off during our office hours, 8:00 a.m. to 4:30 p.m., Monday through Friday. Letters of intent will be accepted until *Monday, December 3, 2012*.

## Sign Permits

Almost any temporary sign requires a sign permit. So before you put out the next banner or portable sign, make sure you have obtained your sign permit from the Zoning Department.

A temporary sign permit is good for thirty days. You may put out a temporary sign for two months out of a six-month time period. Please apply for and obtain your temporary sign permit *before* placing it outside of your business.

All permanent signs require permits!

## New Website Additions!

You can now find more zoning information online at [www.plaintownship.com](http://www.plaintownship.com). Just log on to view our current zoning map (updated in September 2011). The map is subject to change, but all of these changes will be listed on our website as they occur.

Our Zoning Classifications of Properties list is also available online. This is a zoning classification list of all township properties that you can search by address or parcel number to find out how a particular property is zoned. We strive to have the most accurate information possible; this list will be updated as changes occur.

The list of Plain Township businesses will be coming soon! This will be the most current list of all businesses in Plain Township that have obtained their Certificate of Conformance Permit. This list will be updated monthly. If your business name is on the list and you wish to have your website and/or email address included, contact Stephanie at [smetzger@plaintownship.com](mailto:smetzger@plaintownship.com). If your business name is not on the list, please fill out a Certificate of Conformance application and obtain your permit.

## NEW ZONING FEES

**Please note that on May 22, 2012, the Plain Township Board of Trustees passed a resolution to change the zoning fee schedule. There are a variety of changes and one new addition dealing with Internet Café/Skilled Games. Please be sure to check the Zoning page at [www.plaintownship.com](http://www.plaintownship.com) for the new fee schedule.**

## Zoning Permits Required

Before you begin any construction project, your first step should be to contact the Zoning Department to discuss the minimum setbacks and maximum size requirements that apply to your property.

In addition to a permit application, a site plan drawn to scale of your property is required to illustrate the new construction's size and location on the property. *Permits must be issued before work begins.*

For general information regarding the minimum requirements for your project, application procedures and fees required, you can call the Zoning Department at (330)492-4686.

## Paving & Microsurfacing

Our 2012 Plain Township Paving and Road Repair Project has now been completed. Approximately four miles of roadway have been repaved and six miles have been microsurfaced.

We would like to thank our residents for their patience with any inconveniences that may have occurred during this time.

**If you see dumping taking place, please call (330) 493-9904.**

ditches clean will help reduce drainage problems. Your cooperation is appreciated.

Also note that it is illegal to dump oil, antifreeze, herbicides, pesticides or other hazardous products into ditches, culverts or catch basins. All violators will be prosecuted. If you see illegal dumping taking place, please report it to the Stark County Health Department at (330) 493-9904.

## Sight Obstructions

Please trim back your trees, bushes, hedges, etc. that may cause a sight problem for drivers on your street. The courts have determined that there may be a joint liability between the property owner and the government agency for hazards in the right-of-way.

If you see an obstruction of sight in your neighborhood, please report it to the Plain Township Road Department at (330) 492-3423.

## Right-of-Way Obstruction

Please remember that trash cans and basketball hoops cannot be placed in the road right-of-way. According to ORC Section 3767.15, no obstruction can be placed in the right-of-way.

**To report right-of-way obstructions, please call (330) 492-3423.**

## Drainage Problems

Please remember not to rake leaves, grass clippings or other debris into the storm sewers, ditches or streets. Keeping storm sewers and

## Permits Required

A Road Opening Permit is required for any excavation in the township right-of-way. The fee for this permit is \$50.

A Driveway Permit is required for new construction or any other improvements made to an existing driveway. This permit gives you instructions for paving and apron requirements. The fee for this permit is \$10.

Permits can be obtained by coming to the Plain Township Road Department, located at 6300 Heminger Avenue NE. More information can be found on the internet at [www.plaintownship.com](http://www.plaintownship.com).

## Stormwater Marking

Plain Township is seeking volunteers for the stormwater curb marking program. We need groups of four or more such as Boy Scouts, Girl Scouts, youth groups or anyone else who may be interested.

What is stormwater curb marking? This is a coordinated effort to apply educational messages on local storm drains and basins

that flow into important bodies of water.

Organizing a curb marking project is a very important environmental initiative that can lead to cleaner, healthier recreation and drinking water for our homes, communities and our neighbors downstream.

The purpose of curb marking storm drains is to reduce or eliminate NPS pollution. Stenciling the words "Do Not Dump, Drains To Lake" warns the community not to dump pollutants in catch basins.

If you or your organization are interested, please contact Sean Moriarty at the Plain Township Road Department (330) 492-3423 or by email at [smoriarty@plaintownship.com](mailto:smoriarty@plaintownship.com).
